4Network Web Development: governance structure

SSSC Monitoring Framework.

Progress in web development work reported by each regional Learning Network in the quarterly report to the SSSC.

4Network Forum

[Meets quarterly? Rotating chair and secretary?]
The chair of the 4Network Web Development Group reports progress and presents strategy and development work for discussion, authorisation and/ or sign-off.

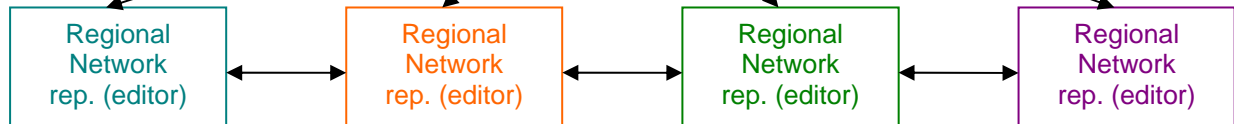

The 4Network Forum is an opportunity for all staff to provide input into web strategy and development work.

4Network Web Development Group.

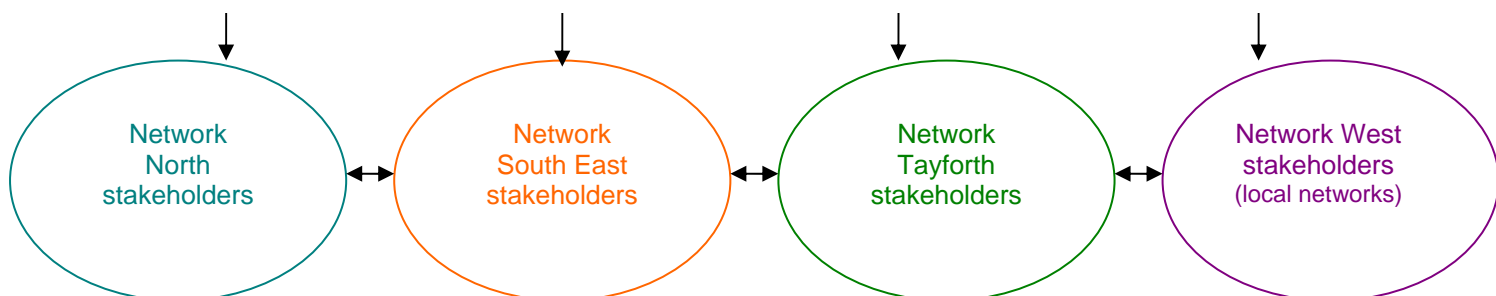

[Meets monthly. Rotating chair and secretary.]

Aims:

1. To champion e-learning and support its use within the social services workforce
2. To formulate the Learning Network's web development strategy
3. To take forward ideas and project manage the development of new online products
4. To manage the maintenance of the Learning Network's existing web resources
5. To develop partnerships with other agencies to support joint working in areas of common interest.

4Network web development: working in partnership to support sustainability

stakeholders: ideas and content providers for the website
